

1. Reginald P. Strongarm was conferring with his lawyer at the county jail. "There's not much I can do, Reginald," the lawyer said. "It looks like prison for sure." "Gee, I'm sorry to hear that," Reginald replied. So saying, Reginald got up and walked out of the jail. How was he able to do this?
2. You find shelter in a mountain lodge. Inside you find a match, a candle, a sheet of paper and a torch. You need to light the fireplace. Which of the four things should you light first?
3. A farmer has twenty sheep, ten pigs, and ten cows. If we call the pigs cows, how many cows will he have?
4. What was the biggest ocean in the world before Balboa discovered the Pacific Ocean?
5. Four students make the following four statements. It turns out that only one of these statements is true.

Adam: Bill is lying.

Bill: Clyde is telling the truth.

Clyde: Adam is lying.

Dave: Did you hear the news? Dr. Maurer bought a new car!

Which statement is true? Did Dr. Maurer buy a new car?

6. Four students came into a classroom and sat in the first, second, and third rows.

If Amy sat in the first row, then Brenda sat in the second row.

If Brenda did not sit in the first row, then Cheryl sat in the second row.

If Amy sat in the second row, then Brenda sat in the third row.

Where did everybody sit?
